Dedication

We, the Senior class of "39", dedicate to you, Parents and Faculty, the Van, our means of showing our appreciation for your sacrifices and inspiration.

Foreword

In publishing the 1939 Van, the Senior Class is carrying on a tradition that is as old as the school itself. 'Tis the same book made according to custom and representing our best efforts.

It is our hope that in future years when we may grow weary with the burdens of life, our hearts may be lightened by the happy incidents and fond memories this book may help us recall.

Stone walls do not a prison make,
Nor iron bars a cage;
Minds innocent and quiet take
That for an hermitage;

If I have freedom in my love
And in my soul am free,
Angels alone, that soar above,
Enjoy such liberty.

SCHOOL SONG

(TUNE: ILLINOIS LOYALTY)

We're loyal to you Van Buren High,
We're gray and we're blue Van Buren High,
We'll back you to stand 'gainst the best in the land,
For we know you have sand, Van Buren High,
Rah, Rah!

So onward we go Van Buren High,
Go crashing ahead Van Buren High,
Our team is our fame protector,
On boys, we'll expect a victory, for you Van Buren High.

Fling out that dear old flag of gray and of blue,
Bring on your sons and daughters fighting for you,
Like men of old or giants, tracing reliance,
shouting defiance
Osky-wow-wow.

Amid the broad green plains that nourish our land,
For honest labor and for courage we stand:
And unto thee we pledge our hearts and hand,
Dear Alma Mater, Van Buren High.

THE PRINCIPAL SPEAKS

The class of 1939 will always occupy a warm spot in my heart. Many of you have grown up, so to speak, under my very eyes; just think, you were only third graders when I came to Van Buren! Ten years of acquaintance and association are sure to create lasting memories; and it is gratifying to be able to add that these memories are practically all pleasant ones. It is classes such as yours that make teaching a pleasure and gives us the courage and desire to "carry on".

As you leave the portals of Van Buren High School, you take with you my sincerest wishes for a happy and prosperous life. May you ever conduct yourselves circumspectly and receive an abundance of all that is good and worth while.

"Our Father's God! From out whose hand
The centuries fall like grains of sand,
We part today, graduated, free,
And loyal to our school and Thee,
To thank Thee for the era done
And trust Thee for the opening one."

THE EX-TRUSTEE

During the four years of my administration as township trustee, the cooperation of all those connected with the Van Buren School has been a source of great pleasure and satisfaction.

As a parting word to the graduates of 1939 it is my hope that they have prepared themselves for a life of service that will not only bring distinction to themselves and their school, but untold personal satisfaction.

CLASS HISTORY

One bright September day in 1935, 57 boys and girls began their first quarter of their stage coach journey over the roads of High School Life.

In order to bring about cooperation among the travelers we chose as our officers Richard Northway, President; Hubert Morlan, Vice-President; and Robert Marlow, Secretary-Treasurer.

In the second quarter of our journey we chose as our officers, Hubert Morlan, President; Robert Tripplet, Vice-President; and Raymond Morgan, Secretary-treasurer. Our motto was "The higher the climb, the broader the view"; our colors red and white; and our flowers red and white roses.

For the third quarter of our journey we chose as our officers, President, Anne Mae Royer; Vice-President, John Martin; and Secretary-treasurer, Dorothy Bradshaw. We had 39 members.

One Saturday near the close of this third quarter we took our superior travelers, the Seniors, on a picnic to Turkey Run State Park.

The last quarter was begun, with the view of a successful journey's end. We had 37 members. Again our officers changed and we selected Maradean McQueen, President; Rosemary Brown, Vice-President; and Richard Northway, Secretary-Treasurer.

JUNIOR CLASS 1940

The greatest production we, the Junior Class, have ever portrayed is the drama "Education". Our drama started in the year nineteen thirty-nine as a comedy in the Van Buren High School. At first the sixty-five characters were a little confused; however, our directors, Mr. H. A. Baldauf and Miss La Von Diel, did what they could to make our first appearance a success. Our main characters were June Douglas, Billy Jones and Mayme Raybould. The colors we used for our costumes were tea-rose and blue. We did our best to live up to our motto, "Onward and Upward".

Many of the characters had found the acting too difficult, so in the scene a year later our troop had diminished to fifty. To play our leading roles we chose Richard Bell, Mayme Raybould, Betty Cummings and Betty Hamilton. We were fortunate in having for our directors, Miss Fama Rissler and Mr. Melvy Payne.

In the third year of our drama we have forty-six members enrolled in the cast. To fill our leading roles we have chosen Josephine Stearley, Bill Bradshaw, June Douglas and Margaret Moore. Our costumes are still tea-rose and blue, with our flower the tea-rose. Under the direction of our producers, Mrs. Merne Stitzle and Mr. John Girton, we have overcome the handicaps that often face the stand-in for the stars, (Seniors), whose parts we are looking forward to playing in a short time. We hope that when the time comes for us to take their parts, we will be as able to play them as the stars that preceded us.

SOPHOMORE CLASS 1941

The Sophomore Class of 1938-39 has greatly increased in number since the eighth grade. Our class was first organized when we were eighth graders. That year Betty Elliott was elected President, Ray Sanders Vice-President.

The Freshmen increased in number and seventy-two students enrolled. The officers were:

President ..... John Northway
Vice-President .... Betty Elliott
Sec.-Treas. .....Philip Salitros

In our Sophomore year a few new students entered and several dropped out. We chose as officers:

President ..... Jimmy Leslie
Vice-Pres. ..... John Northway
Sec.-Treas. ....Blanche Hardesty

We have kept our same motto and colors since the eighth grade.

Leslie Reinoehl, the president of the former agriculture club, attended the Convention and received some valuable information about this organization. The other officers in the club are Billy Jones, Vice-president, Glenn Pell, Secretary-treasurer, and H. A. Baldauf, Sponsor.

The activities of the club the past year were:

Annual Rabbit Supper in honor of the Potawatomi Club.
Annual Pest Drive.
Annual Father and Son Banquet.

The club also sponsored such activities as 4-H Club work, local and county agricultural shows, farm bureau programs, debates, demonstrations, etc.

The future of this club is unlimited and the school is expecting great things of it.

CAFETERIA

Remember when:

Priscilla dropped a tall stack of dishes, breaking four and cracking an even dozen.

Delores spilled the jello in Olive's shoes.

Annabelle "fell" for the two good looking photographers and spilled a glass of ice water on Maradean trying to sit close to them.

Olive broke a plate on a dare, she also forgot to hang out the dish towels, and had to get the help of all the girls on Number Three so she wouldn't miss her bus.

Maradean made pie crusts that Mr. Girton thought were paper plates, but he came back later and said that one time they were good.

Florence slipped in some water and fell in her hurry to get upstairs to see Billy.

Clara slipped and almost spilled Mr. Girton's lunch—all she dropped was a fork—but that caused her a long walk for a clean one.

Angeline had to bake pie crusts her first day in Cafeteria—. She also hid Mr. Girton's lunch in a waste basket.

The Thespian Society was reorganized this year under the supervision of Mrs. Eaglesfield. Richard Northway was elected President, Dorothy Bradshaw, Vice-President, and Clara Wells, Secretary-Treasurer. The club agreed to abide by the by-laws and constitution of the club. The club gave a chapel program March 2. A costume party was also given with last year's members as special guests.

The club met every two weeks on Monday during the activities period. The programs were miscellaneous in nature, and were very interesting and entertaining.

The members have tried hard to make the club as big a success this year as it has been in preceding years. It is our wish that in the years to come the members of the classes will continue to have the Thespian Society.

SENIOR CLASS PLAY

The Senior Class play, "The Gay Deception", was presented on Thursday and Friday nights, April 13 and 14.

The Candler Stolls, a family accustomed to luxury, suddenly find themselves shorn of their wealth. To make matters worse, Mrs. Stoll has received word that Mrs. Winston Moffat, a very wealthy friend, is coming to pay her a visit. Due to a lack of salary payments, the servants have all left, with the exception of the colored cook. Mrs. Stoll conceives the happy idea of making a butler of her husband and a maid of her daughter, Virginia. She decides to sell Mrs. Moffat a piece of property in order to replenish the empty coffers—but to do this she must impress her with the Stoll's prosperity.

Mrs. Moffat arrives with a handsome chauffeur, and the complications begin to pile up. Candler Stoll proves to be the world's worst butler, and Virginia, a most charming and inefficient maid. Embarrassing situations follow one another in quick order and the result is extremely humorous. Quick wit and action is required by all concerned to keep their heads above water, and a surprise which Mrs. Moffat has in store for the Stolls proves tremendously hilarious.

THIS DARING YOUNG MAN

The dramatics class presented a three-act comedy, "This Daring Young Man", before a large audience in the Van Buren auditorium on Friday night, March 10.

The story is one of youth and comedy. Mr. Barber, owner of the Palace Theater, is in dire financial straits, so he and Mrs. Barber make a trip to New York with the hope of obtaining a loan from rich Aunt Min, who by the way, hates theaters. They leave their two daughters, Audrey and Karen with Pat O'Reilly, a nephew, in the care of Nellie, the maid. Jerry McNeill is to have charge of the theater.

Young Pat has dreams of following in the footsteps of his father, a famous musical comedy star. He has organized the "Rhythm Rascals, a nondescript band of boys and girls recruited from the Sunday school orchestra. They meet daily for rehearsals and Pat would very much like to have Jerry date them at the Palace. Karen has fallen in love with a strange young man, Ellis Dean, and they have planned an elopement, but Pat gets wind of it and spoils it all by locking her in the closet. Just at this point Aunt Min arrives, unaware that the Barbers have gone to visit her.

From this point on, the play is a hilarious tangle of complications. The young people are faced with the dilemma of making Aunt Min think that Mr. B. is in the restaurant business, and of going ahead with plans for presenting the "Rhythm Rascals" at the theater. In the meantime, Mr. Barber is put in jail, for stealing a tuba and Aunt Min walks out, disowning the family, but it remains for Audrey to save the day. It is a play that moves with lightning speed —and funny.

RALPH BROWN

OUR COACH

We have a new coach this year. This was Mr. Brown's first year in the teaching and coaching profession.

He came in with a calm and deliberate air, which he maintained throughout the season. His definite purpose or goal was the development of boys — physically, mentally and morally. At no time did he exploit the health of a ball player to win a game. At no time did he teach unfair practices in order to make a few extra points. At no time did he either on the bench or in the dressing room, act in any way other than a gentleman.

To the boys, he is just a "pal". Parents can feel assured that their boys are in trustworthy care when they are in training with "Our Coach". We ended the year with a well-trained team of "clean cut" boys who did their best. Although they were many times outclassed because of their size, yet they never quit. We count this genuine success. May he have more material and an equal success with his next ball club.

Tom Daughtery was the Van's little catcher with a mighty swat.

Leslie Reinoehl, the Van pitcher, could always be counted upon for a hit.

Frederick Buck, the third sacker, always came through with a hit when it was most needed.

Albert Mathis was a whiz on first and could be counted on to do his part.

Warren Myers, the shortstop, was the Van's mainstay with plenty of fight.

Alfred Mathis, another Van pitcher, often took over in the tough spots.

John Portemont, the second baseman was deadly on balls coming his way.

Philip Salitros, Donald Crabb, Don Cagle and Frederick Myers were the heavy hitter's grief, seldom missing a fly ball in the field.

Wayne Hall was reserve pitcher ready to take up where the others left off.

Eugene Auten and Jack Cash were utility men.

SPORTSMANSHIP

When you are playing games, play fair. Take the officials' decisions, because they probably know more about it than you do. If you lose, don't blame it onto somebody else, and don't say the officials or other players did not act fair. Be a good sport. Play the position assigned, even if you would rather have another.

If you are a spectator, you too must be a good sport. Support the cheer leaders. Do not boo or razz the officials or players. Be a modest winner and a good loser.

Be agreeable in life and play fair, and when you go on, you will be remembered as a good sport.

PHYSICAL EDUCATION

Physical education which was first introduced into schools by Denmark, is adapted to children and youth in America today, and should serve several useful purposes. Some of these are present in the minds and desires of growing boys and girls, and others should be present in the minds of teachers and adults, who should acceptably and efficiently supervise and guide, without unnecessary interference, the wholesome activities of children and youth.

The natural and reasonable aims in the mind of the youth should be to satisfy natural instincts, solve intellectual, mold social and physical problems, to express ideas, feelings and moods, to experience satisfaction or adventure and to gain increased quickness and skill.

The objective of teachers, parents and adults should be to understand pupils collectively and individually, to appreciate various aims of pupils, to secure for pupils in the schools favorable environment for physical education, to attain good physiological and hygienic benefits in the home.

Young people cannot find favorable opportunity to express themselves in constructively helpful activities unless the necessary opportunities are assured to them by responsible adults.

THE SEVENTH AND EIGHTH GRADE BASKETBALL TEAM—"THE LITTLE VANS"

During the basketball season the "Little Vans" had their share of basketball fun. They had a game nearly every week; nearly twenty games in all. Although unsuccessful in many of their games, they gained the experience which will be of great value to them later on. In fact, they feel as if they gained enough knowledge of the game that in future years they will be winning games for their school. Little space is given in this annual but in about 1942-1943 much space, they hope, will be given to their achievements in basketball.

Many of the outstanding boys were as follows:

Dean Pell
Jim Penman
Curtiss Rollings
Jack Harper
Don Puff
Cleveland Grigsby
James Harris
Clyde Grigsby
Raymond Burnett
Jimmie Girton
Billy Lawson
Lester Green
Joe Mathis
Sonny Lawson

SEASON'S SUMMARY

November 4—

Starting the season off in an unexpected unusual way the Bowling Green Pioneers defeated the Vans 32-16 on our hardwood.

The second team followed in the first team's footsteps and were defeated 27-15.

November 11—

Still shocked from the jolt of the first game, the Vans received another from Bridgeton on the latter's floor by a score of 22-8.

The second team showed quite a bit of improvement but were beaten by a small margin of 12-18.

November 18—

In the third game of the season the Vans looked as if they were headed for the top this time, but failed to quite conquer Cory, losing by a 23-20 score on our local hardwood.

The second team was more fortunate and cut the Cory second strings down to 22-16.

November 23—

Journeying to Fillmore's small hardwood, the Vans found them hard to score against and still remained in the defeated column 54-16.

The "B" team failed to stay in the winning column and were handed a 12-16 defeat.

December 2—

The Staunton crew invaded the Vans' gym and left them holding the little end of a 31-19 count.

The local reserves again wrested out on top by defeating the Staunton reserves 14-9.

December 9—

The Vans took a drubbing from the Ashboro quintet on the local floor with a 37-25 count.

The reserves chalked up their third victory by giving the little "Boro's" a 17-13 bump off.

December 16—

The Vans next tangled with a team near their size, and showed their strength by defeating Reelsville 29-22.

The "B" team also beat the Reelsville reserves by a 12-7 margin.

December 22—

In their next game the Vans showed plenty of scrap against the tall Fontanet quintet, but lost by the narrow margin of 28-25.

In a rather freakish game the little Vans won a 6-4 victory over the Fontanet reserves.

January 6—

The Vans met a large and fast team at Rosedale and found themselves almost helpless as indicated by the score, 39-11.

The second team made a better showing against the Rosedale reserves but lost by a 12-5 count.

January 10—

Concannon, another strong quintet hit the Vans full blast and romped to a 41-18 victory.

The second team was also fatally stricken, losing 30-7.

January 13—

The Vans journeyed to Staunton and met defeat again with a 37-28 score against them.

The Staunton reserves nosed out a 11-7 count over the Vans "B" team.

January 19—

The Vans failed to zip the net enough times to defeat Cory in their first game of the Wabash Valley Preliminaries.

January 25—

The Vans again leaped into the winning column and upset Patricksburg 33-15 on the local hardwood.

The second team took a 13-12 count over the "Pats" seconds.

January 31—

The Vans were shot down by the "Cannons" for the second time in this season with a heavy loss, 55-19.

The reserves were also defeated 21-9.

February 3—

In a fast and exciting game the Vans got revenge at Cory, and wedged out a 34-32 victory.

The seconds were trailing 30-11 at the end of their battle.

February 7—

The Clay City Eeels knees were wobbling before the game ended and they owned the long end of a 19-24 score.

The local reserves were trampled to a 23-10 death.

February 10—

Miller and Cash led the "Fillies" to a 64-23 victory over the Vans.

The "B" team took a 26-6 drubbing.

February 17—

The Vans were cut out 33-22 by the Ashboro five.

The second team lost footing and a 35-11 score was piled upon them.

February 21—

The Vans won a tough little scrap with Reelsville by defeating them 36-25.

The second team was beaten 17-15 by another picked team from Van Buren.

BOY'S PHYSICAL TRAINING

Physical education has grown and developed rapidly since its first use in the Turner's Clubs of Germany by Frederick Jahn early in the eighteenth century. From Germany it spread rapidly to Denmark and Sweden. In all these countries the purpose of the physical education was to exercise the big muscle groups and to train soldiers. The activities were calisthenics, apparatus work, and marching tactics. Later the movement spread to England and was introduced into the United States by three Germans, Lieber, Beck, and Follen. The formal calisthenics system never gained much popularity in England because of the Englishman's inherent love of games and sports, but in the United States the system gained wide prominence in the "fifteen minutes of calisthenics per day" program observed in the early schools. But soon our predominance of English people began to influence the physical education program toward the present day program of games and sports.

In our present day program the aim of physical education, as stated by the Indiana State High School course of study, is to assist the pupils to make successful adjustments to his physical, mental, and social environment through educational experiences centered about big muscle activities in which the play interest predominates. This means simply that physical education is concerned with development: first, of organic vigor; second, of neuro-muscular skills; third, of desirable attitudes toward physical activity; and fourth, of desirable standards of conduct.

At Van Buren in the boys' physical education course we try to accomplish this four-fold aim in these ways. As long as the weather permits, vigorous outdoor sports are taught in season. These games are chosen to suit our facilities and to capture the interests of the boys. During the winter months indoor games are played. In all these games the qualities of sportsmanship and team play are emphasized.

GIRL'S PHYSICAL TRAINING

Through the training the girls get in their Physical Education Classes they are better qualified to work and play with others. They are taught cooperation and fair play and this, along with the developing of stronger and healthier girls, is the purpose of Physical Education.

Each year the girls have class tournaments in kittenball and basketball. This year the Junior and Senior girls played off the final game of kittenball with the Juniors coming out on top. The Annual goes to press before the basketball tourney is played—so, who knows?

During the fall and spring when the weather is nice the girls play outside. The main activity during this time is kittenball. We picked a varsity kittenball team this year and played two games with Reelsville. We lost both games. The first by nine points and the second by two points but the girls enjoyed the games just the same and are counting on playing again next year.

Inside during the winter months, the program consists of games, relays, marching, corrective exercises, and stunts.

This period of activity affords rest and relaxation from the daily routine of school work.

P. T. A. AN ACTIVE ORGANIZATION

Two years ago our P.T.A. decided to do something for the school which could be counted as a concrete project. The first project attempted was the purchase of some good books for the school and the decoration of the lawn. This project was successfully completed and students and teachers alike appreciated and benefited from this work.

The second project attempted was the purchase of a picture machine. The project has been completed and most of the financial aid has been raised. Again I am sure that the benefits derived from the movies have been both beneficial and instructive. Students can well be proud of a parent-teacher organization which wants to be a partner in their success by actively attempting such worthy projects.

The second phase of the P.T.A. work has been the sponsoring of wholesome entertainment programs once per month. The President divided the township into sections and gave each section the responsibility of seeking out its talent and arranging it into an interesting short program. These programs have been diversified and interesting. The splendid attendance and cooperation has expressed a fine and growing interest in the P.T.A.

The third phase of the work, we hope, will be a kind of an undercurrent which will draw folks, and make them see that the education of their children is a part of their tasks and that they have a tremendous force if they will only use it along with the teacher. Both the teacher and the parent are working toward the same goal. The goal can be attained sooner if both pull in the same direction. Let us get acquainted with each other and with each other's purposes—parent with teachers and students — teachers with parents and students — students with parents and teachers.

Firecracker, Gun Powder
Dynamite ———— Boom!
Here comes Van Buren
Please make room.

We'll crank your Ford
And hold your baby,
We're going to win
And don't mean maybe.

Rub 'em up—Scrub 'em up
Hang them on the line;
Yea, Van Buren
You're doing fine.

Swing high,
Swing low,
Yea, team, let's go!

Yea team, see that score!
Yea team, we want more!

Rah! Rah! Rah! Rah! Rah!
Rah! Rah! Rah! Rah! Rah!
Rah! Rah! Rah! Rah! Rah!
Yea Rah team!

Kick 'em in the collar bone
Slap 'em in the jaw,
Van Buren High School
Rah! Rah! Rah!

We're like a bull pup,
We never, we never,
We never give up!

A STUDENT CODE

The National Association of Student Officers has adopted a "Code for the Good Citizen of the American High School, which is submitted for the thoughtful consideration of the students of the nation.

I realize that, as a student, I owe an obligation to parents or relatives whose sacrifices have given me an opportunity to develop my natural powers, to the community which makes possible my educational advantages, to my country which gives me liberty under law, and to my own future as an individual and a citizen.

In keeping with my determination, honorably to discharge this obligation, I promise:

That I will use the facilities offered by the classroom to enlarge and broaden my interests, to increase my knowledge, to bring me closer to Truth, and to cultivate habits of industry and sound thinking.

That I will broaden my sympathies and practice the arts of sociability, true friendliness, and helpfulness in my home, in the school, and in all my associations, avoiding snobbishness in my own conduct and condemning it in others.

That I will develop habits of reading and conversing which will broaden my culture and enable me better to understand the problems of community, state, and nation.

That I will carry on discussion in and out of the classrooms, not to overcome opponents and gratify my pride, but that I may grow in knowledge and wisdom.

That I will avoid every form of cheating or dishonesty and will undertake to discourage all dishonorable practices.

That I will obey every rule or law of school, city, state, and nation, reserving the right to criticize rules and laws constructively, but respecting them as long as they prevail.

That I will use my powers and influence for the common good.

That I will pursue happiness myself and strive to establish conditions under which happiness and opportunity may be hopefully pursued by everyone in my home, my school, my community, my country, and the world.

One Senior, Priscilla Laswell, has the unusual distinction of having twelve years of perfect attendance.

She was also awarded a scholarship by the International Correspondence School on her essay, "Accountancy".

SENIOR CLASS

To the above last will and testament, we, in the presence of each other, and in the presence of the Senior Class, do on the above mentioned day affix our signatures as witnesses:

Witnesses:
Marie Eaglesfield
Herbert Rissler

CLASS

We are the Class of Thirty-nine,
From here we will soon be free,
But when Commencement time comes 'round,
It will be the time we hate to see.

In our class is a farmer boy,
Wayne Wilson is his name;
If he keeps playing like he's been
Ping Pong will earn him fame.

Leroy Hayes of V. B. School,
In harmonica playing has first place;
Where we see this senior boy,
A smile will spread his face.

There are twins in Thirty-nine,
Mathis is their name!
It's Alfred and Albert to everyone now.
And we hope it will never change.

Warren Myers of Class Thirty-nine,
Is a nice looking Van Buren lad;
He's near the top of our class because.
School work to him is a fad.

William Price, known as "Wink",
With his classes sure does sail;
As a farmer in future years,
We're sure he will not fail.

Johnny Martin a V. B. senior,
The student manager is he;
Everybody will tell you he does well,
Although he doesn't get a fee.

Donald Crabb, a student fine,
A nice looking Harmony boy;
No matter when or where he's at,
He's sure to bring you joy.

Here's to Miss Rosy Brown,
A very quiet lass,
You never see her winking at,
Any boys in our senior class.

Delores Bell is a comely blonde,
Who is active and full of music;
And when her education is complete
We are sure she will know how to use it.

Arthur Linton is the ladies' man,
He likes a Sophomore girl;
And when she looks at him and smiles
The wind his sails unfurl.

Johnny P., an athlete,
A basketball he can carry;
When not in training and out of school.
I'd say "He really can Terry".

Leslie Reinoehl of V. B. High,
With a basketball is quite clever;
And as an escort for the girls,
They will say there is no better.

Doris James comes next in line,
With Kenny Bass on arm;
Here they come, and there they go,
Let 'em go, they do no harm.

Odetta Mae, our model lass,
As nightingale on wing;
They list' with raptured awe,
As she begins to sing.

Priscilla L., I'm sure that you,
A beautiful lass would say;
The lucky lad that wins her heart,
Will not regret the day.

Maradean is full of fun,
What we call a good old scout;
Tho' she might be called a little spunky.
She has never been known to "pout".

Frederick Buck is ours for sports,
Works hard for school and team;
We wish him all the luck in the world.
A success that surpasses his dream.

POEM

We think our Dorothy,
  Is a cute little farmerette,
And as to who wins her,
  It's quite a guess as yet.

Frances Clark and Cagle too,
  A very likely pair;
But Frances hits with boxer's force,
  Whenever he pulls her hair.

Ida Mae and Shelly, too,
  Are both engaged, I guess,
And when the tie is made, I'm sure,
  We wish them happiness.

Oh, we are the class of "39",
  In true we have no crooks,
We have a fat little senior boy,
  His name is Robert Brooks.

Here's to Olive and Annabelle,
  Who can sure roll the dough!
When Olive drops pepper in the 'tater.
  Annabelle says OH! OH!

A handsome lad is Hubert Morlan,
  He is loyal to our class;
And we can say without a doubt,
  He likes a Bridgeton lass.

Florence has fallen for Billy,
  As one can readily see;
We only hope that years from now,
  She'll be as happy as can be.

"Angeline, come sit by me,"
  We heard the fellow say;
We'll start you off, now guess his name.
  It starts with North and ends with Way.

Forrest U. and Ernie Bell,
  Just woman haters, two,
If all of us were like these boys,
  What would romance do?

Delegates from every town,
  And Pontiac has its share;
All of you can guess I'm sure,
  Paul Schrader comes from there.

Our quiet little Clara,
  Doesn't have much to say;
But when we see her pleasant smile,
  It drives our blues away.

Betty Brown, our cute coed,
  With eyes so shiny bright;
Take care when admirers look her way.
  How Johnny puts them to flight.

Josephine, the dizzy dame,
  Who giggles, laughs, and such;
But try as we might, we can't find out,
  Why the heck she talks so much.

Last but not least is Jack Cash,
  He too, in softball shines;
We wonder if in future years,
  Journalism News he will find.

It will soon be time to leave,
  Our sponsors dear and true;
We have had a splendid time,
  Working under you.

We're leaving all our dear old friends.
  We dread to do this too;
But just remember, boys and girls,
  The future depends on you.

We hope you will always remember our class,
  And this Annual will serve as a looking glass,
To reflect the past with a rosy hue,
  And the future we have prophesied for you.

Dear old Van Buren we won't forget you.
  We know what virtues stand for the gray and the blue.
May the future be very kind
  To all our friends that we leave behind.

BUS DRIVERS

George Reberger	No. 1	Ott Sawyer	No. 4
Richard Wells	2	Watt Pell	5
Ted Green	3	Dale Cash	6
Chester Searcy	7		

Where there is consolidation of schools one of the big problems is the transportation of the students. Van Buren Township has seven large up-to-date buses, each making two trips, morning and evening. To the credit of the bus drivers it can be said that no student has been injured in coming to or returning from school.

VAN BUREN HIGH SCHOOL POET LAUREATES

SEASHORE

I gazed upon the ships at sea,
And watched the waves come in to me.
I felt the coolness of a breeze,
As it had gently come to seize
The warmth of sunny Italy.

I saw a beach of drying sand,
A-waiting at the sea's command
To wash from here to stranger shores,
A place I'd never been before.

The seashells lay on left and right,
As thick as stars on a summer night.
And we like goats on mountain ledge,
Like to stand at the water's edge
And note its color in the evening light.

—John L. Marks

* * *

SUNSET

How I love the golden glory,
Of the sunset on the sea;
As I view it from my cabin,
The world seems wide and free.

And clouds of many different shades,
Purple, amber, red and gold;
Creates a lovely paradise,
Of beauties yet untold.

The golden light seems to reflect,
Upon the sparkling sea;
It only seems a little while,
Until those beauties turn and flee.

—Leroy Hayes

PLAYING HOOKEY

Richard Bell today is at home
Because he has no English poem.
If his teacher finds this out,
He'll get an F beyond a doubt.

Tomorrow he will come to school
And write a poem just like a fool.
Then when his teacher reads it,
She will get a paddle after Richard B.

As you know he's awfully tall,
So he'll probably bawl and bawl.
If he finds out I wrote this,
He will likely make me miss.

—Clyde Hyde

"Not at all, madam," replied the driver of the truck with a gallant gesture. "I was to blame myself."

"But I insist the fault was mine. I was on your side of the street."

"That may be true," he said, "but for the collision. I saw you coming blocks away, and had ample opportunity to dart down a side street."
